

AGL GRO/COMPLETE B30 PLT MEDICATED

FS1533

GROWING LAMB

ACTIVE DRUG INGREDIENT

Lasalocid.....30 gm/ton

GUARANTEED ANALYSIS

Crude Protein, (Min).....18.00%

This includes not more than 2.0% equivalent crude protein from non-protein nitrogen.

Crude Fat, (Min).....2.30%

Crude Fiber, (Max).....16.07%

Calcium, (Min).....0.96%

Calcium, (Max).....1.21%

Phosphorus, (Min).....0.45%

Salt, (Min).....0.83%

Salt, (Max).....1.04%

Selenium, (Min)0.6 ppm

Vitamin A, (Min).....3,720 IU/lb

ADDED, BUT NOT GUARANTEED

Copper.....14.8 ppm

INGREDIENTS

Processed Grain By-Products, Roughage Products, Grain Products, Plant Protein Products, Molasses Products, Calcium Carbonate, Salt, Ammonium Chloride, Urea, Urea Formaldehyde Condensation Polymer, Sodium Selenite, Zinc Sulfate, Vitamin E Supplement, Manganese Sulfate, Vitamin A Supplement, Vitamin D₃ Supplement, Ethylenediamine Dihydriodide, Mineral Oil.

DIRECTIONS FOR USE

GROWER COMPLETE B30 is a complete feed combining roughage, grain and supplement. It is intended for feedlot lambs from approximately 50 to 80 pounds of bodyweight. GROWER COMPLETE B 30 contains 30 gm/ton (15 mg. per pound) of Lasalocid. Feed continuously at a rate of 1 lb. to 4.66 lbs. to provide 15 to 70 milligrams of Lasalocid per head daily depending on bodyweight. Lambs should be gradually adjusted to GROWER COMPLETE B30 in order to reduce the risk of overeating and other digestive disturbances. GROWER COMPLETE B30 MEDICATED can be self-fed to lambs if they are properly adjusted to the ration. In an effort to minimize management problems, lambs may be offered approximately 10% good quality long hay. If hay is fed, all lambs should have equal access so that the total ration composition (proportion of GROWER COMPLETE B30 to hay) is consistent every day. CAUTION: The safety of Lasalocid for use in unapproved species has not been established.

For the prevention of coccidiosis caused by Eimeria ovina, Eimeria crandalis, Eimeria ovinoidalis (Eimeria ninakohlyakimovae), Eimeria parva and Eimeria intricata in sheep maintained in confinement.

CAUTION: USE ONLY AS DIRECTED

SHOW GOAT PELLET MEDICATED

FS1626

ACTIVE DRUG INGREDIENT

Monensin (Monensin Sodium).....20 gm/ton

GUARANTEED ANALYSIS

Crude Protein (Min).....	16.00%
This includes not more than 0.8% equivalent crude protein from non-protein nitrogen	
Crude Fat (Min).....	4.25%
Crude Fiber (Max).....	18.00%
Calcium (Min).....	1.11%
Calcium (Max).....	1.17%
Phosphorus (Min).....	0.40%
Salt (Min).....	1.19%
Salt (Max).....	1.24%
Copper (Min).....	6.5 ppm
Copper (Max).....	7.5 ppm
Selenium (Min).....	0.8 ppm
Zinc (Min).....	100 ppm
Vitamin A (Min).....	1,600 IU/lb

INGREDIENTS

Roughage Products, Processed Grain By-Products, Grain Products, Plant Protein Products, Molasses Product, Calcium Carbonate, Vegetable Fat Partially Hydrogenated (preserved with mixed Tocopherols), Artificial Flavor, Yeast Culture, Salt, Ammonium Chloride, Urea Formaldehyde Condensation Polymer, Manganese Sulfate, Zinc Sulfate, Sodium Selenite, Magnesium Oxide, Ferrous Sulfate, Cobalt Sulfate, Calcium Iodate, Mineral Oil, Vitamin E Supplement, Zinc Methionine Complex, Vitamin A Supplement, Copper Sulfate, Vitamin D3 Supplement.

FEEDING DIRECTIONS

Feed at a rate of 2.5 to 5 lbs. per head per day. If additional roughage is needed, feed high quality hay or pasture. Always provide fresh clean water at all times. Feed complete feed (90% DM basis) continuously as the sole ration. **WARNING:** Do not allow horse's access to this feed. Do not feed to lactating goats. Monensin feeds are intended for cattle or goats only. Feeding to unapproved species may be toxic. Feeding undiluted or mixing errors may be fatal to goats. **CAUTION:** This product contains copper and should not be fed to sheep.

For the prevention of coccidiosis caused by Eimeria Christenseni, Eimeria Crandallis and Eimeria Ninakohlyakimovae.

CAUTION: USE ONLY AS DIRECTED
